REPORTED EXPRESSLY FOR THE SENTINEL, BY J. W. DUZAN ]

I. CONKLIN P. SMITH .- Error to the Wayne Circuit

Court. This was an action of assupsit brought by Smith against Conklin for money paid, laid out, and expended. Trial by the Court and judgment for the plaintiff.

There was evidence tending to prove that certain

rent due to Smith, the plaintiff, from a tenant, who had occupied certain real estate of Smith's, had been improperly received from the tenant by Conklin. BLACKFORD, J., held-

That if it be admitted that Smith has a legal claim against Conklin for the money received by him, it cannot be recovered in this action for money paid. The proper form of action would be for money had and received. To sustain a count for money paid and expended, there must have been a payment of money by the plaintiff to a third party at the request of the defendant, express or implied, on a promise, express or implied, to repay the amount.

Judgment reversed with costs. II. MORGAN D. THE LAWRENCEBURGH INSURANCE

COMPANY .- Error to the Dearborn Circuit Court. This was an action of assumpsit brought by the Lawrenceburg Insurance Company against Morgaa, upon five promissory notes alleged to be executed by him, and which appeared to have been executed by Morgan and Swift. Pleas: 1st. That there was not, at the time, the suit was commenced, any such corporation in to the first plea which was sustained, and general issue on the second. On the trial of the issue the notes were objected to on the ground of variance, and the objection tion overruled. Judgment for the plaintiff BLACKFORD, J., held-

let. That the first plea is substantially good. If the plaintiffs were not a corporation when they commenced the suit they must fail. If, by a person's giving a note to a party as a corporation, he is prevented from denying that, when the note was given, there was such a corporation, that is no reason that he should not allege that it did not exist when the suit commenced.

2d. That there is no variance between the notes in evidence and those described in the declaration. The notes are joint and several and it was not necessary that the declaration should notice that Swift had executed them. They were the several notes of the defendant and could be declared on as if he alone had signed them. Judgment reversed with costs. III. SMITH v. HAZZARD, et al .- Error to the Tippe-

canoe Circuit Court. Indebitatus assumpsit, by D. B. Smith and G. S. Hazzard against H. B. Smith. Two counts-one for goods sold and delivered, the other for money had and received. Verdiet and judgment for the plaintiffs.

The defendant objected to the judgment-1st. That the deposition of Chas. E. Baily should have been suppressed; 2d. That notwithstanding a change of venue was ordered, the cause was tried by the same court that made the order; 3d. That the evidence does not sustain the verdict:

BLACKFORD, J., held-Ist. That it was immaterial whether the motion to

the court in which the order was made, and was continned from term to term for several terms; and as the parties finally appeared and submitted their cause to the jury upon whose verdict, the judgment now in question was rendered, the defendants, therefore, waived the right of removing the cause under the order.

3d. That there is not the slightest reason to doubt the sufficiency of the evidence to sustain the verdict, as one witness gave in evidence that he heard the defendant acknowledge that he had purchased and received the goods, and owed the plaintiffs the money, for which the snit was brenght.

Judgment affirmed with six per cent. damages and IV. WEST v. CHASE. - Error to the Elkhart Circuit

Court. Bill in chancery by Chase against West, to compel the latter to convey to the former a certain lot in the town of Elkhart. The lot was sold to Chase, who was a potter by trade, by West, for 250 dollars in potter's ware. For the payment of this sum, Chase gave five notes, due at different times, of 50 dollars each. The first three were paid as they became due, and when the two latter became due, Chase set aside, in ashop in Elkhart county, potter's ware sufficient to discharge the notes, but there was no one to receive it. Decree for

The only difficulty in the case was to decide, from the depositions, whether the shop at which the ware was set aside, was the place where Chase carried on his

BLACKFORD, J., held-That the depositions sufficiently proved that the shop mentioned was the complainant's place of business, and that therefore, when the ware was set aside it became the property of the defendant. Chase, consequently, must be considered as having done all that the law required in order to fulfil his part of the contract. Decree affirmed.

V .- SPANGLER and SPANGLER v. McDaniel .- Error to the Boone Circuit Court. Assumpsit by C. and G. Spangler against W. Mc-Daniel. McDaniel owed the Spanglers fifty seven dol-and fifty cents, in payment of which he gave them an order for the amount on one James A. Donlap. Dunlap died before the Spanglers presented the order, and they presented it to his executor, who refused to accept it be cause McDaniel had withdrawn all his funds from the hands of Dunlap before his death. The defendant plead-

ed non-assumpsit, and non-assumpsit within six years. Judgment for defendant. PERKINS, J., held-That the order described in the declaration was prima facie, an acknowledgment that the sum named in it was due from McDaniel to the Spanglers, and was the foun-dation of an action; and, being a written acknowledg-ment, in legal effect, of a debt due from the draws, took the debt out of the statute of limitations. Mc-Daniel having drawn his funds from the hands of Dunlap before the order was presented for payment, was not discharged from liability because of the delay in presenting the order and the lack of notice of its non-acceptance

and non-payment. Judgment reversed. VI .- LUNN v. THE STATE .- Error to the Judgment of John W. Lunn, indicted for murder, and confined in jail in Vanderbugh county, petitioned, in vacation, the president Judge of the fourth judicial circuit for a writ of habeas corpus, to enable him to give bail. The writ was ordered, and the Sheriff returned as the cause of Lunn's detention, the indictment of the grand jury of Vanderburgh county, charging him with murder in the first degree, and a proper mittimus directed to the jailor. Lunn's counsel then asked the judge to let him to bail, and afficience of the proposes. and offered to adduce proof that the grade of offence of apted for their purposes. which he was really guilty was bailable, but the judge refused to permit such proof to be given and remanded the prisoner to custody. The prisoner appealed, and contends, that, though presented by the grand jury, he had a right to go behind the indictment and prove to the judge that the offence of which he really is guilty is a

PERKINS, J., held-That the decision of the judge below was in accordance with the English authorities, and must be affirmed unless our statute has changed the English rule.

The provisions of the habeas corpus act of this State, anthorizes the judge hearing the application, to cause notice in writing to be given to the party interested in place for the reception of all patients wishing to undergo treatment for discassed EYES, as well as those desirons of being operated on for the premises, and to fully investigate the case; tify in the premises, and to fully investigate the case; tify in the premises, and to fully investigate the case; the don for the removal of all varieties of DEFORMITIES, such a long standing Dislocations, Club-foot, immobility of the Lower Jaw, Molasses Caus full assertment. cannot get at the evidence necessary to the correct un-

VII .- THE MADISON INSURANCE COMPANY v. GRIFFIN. -Appeal from the Jefferson Circuit Court. Motion for Judgment upon an awar in favor of Grif-tin against the Madison Insurance Company, and judgment rendered. The Insurance Company execution policy to Griffin upon the cargo of a flat boat. Griffin Hon. E. A. Hannegan, Indiana; claimed compensation for an alleged loss. The board Hon. Wilson Shannon, Ex-Gov. of Ohio; of directors of the Company proposed an arbitrators, were se. Hon. Isaac P. Walker, U. S. Senate; Hon. Isaac P. Walker, U. S. Senate; of directors of the Company proposed an arbitration, is which was accepted by Griffin, and arbitrators were selected by Griffin and the Secretary of the Company. The Secretary executed the bond for the Company; and he and the attorney of the corporation attended at the hearing by the arbitrators, and near its close, the Secretary, under the advice of the President, revoked the submission. The arbitrators disregarded the revocation, and usly made an award in favor of Griffin. The award was filed in the circuit court, and a rule was granted by the court and served on the Company, to show cause why the award should not be made the judgment of the court. The Company answered, and gave eight reasons why the award should not be made the judgment of the court. The 4th, 5th, 6th, and 7th objections of the court. tions raised the questions whether there was a legal sub-mission, and whether there was a legal revocation: the that notice of the meeting of the arbitrators was not giv.

refused to continue the hearing, in order to give the defendant time to bring in additional witnesses.

Prakins, J., held—

1st. That the board of directors had made a valid agreement with Griffin to submit the matter to arbitrators. This included the giving of the bond required by the statute, which bond was executed by the Secretary, under the seal of the Company; and there is no doubt that the submission was valid if the Secretary was auto be executed by an agent, and the Secretary was properly that agent. A valid submission was therefore made.

be revoked by an authority equal to that which makes

2d. That the award, being that "the company shall forthwith pay to said William Griffin the sum of 754 dolforthwith pay to said William Griffin the sum of 754 dol-lars and 74 cents, and the same shall be received by him

Those drawing for the first week's sickness, by paying

S3 per year draw \$3 per week. \$7 per year draw \$7 per week. in foll satisfaction and discharge of his claim against said

company," is not uncertain, 3d. That the first objection is immaterial, as both parties were represented by their attorneys at the meet-

4th. That as the object of the continuance asked by the defendants was simply to obtain the opinions of three witnesses, as to the per cent. of damages done to the articles named, and not to procure proof to show that the company was not liable at all on the policy; and as the arbitrators offered to hear the case, with the exception of these witnesses, and adjourn for a reasonable time, to be named by the attorney or agent of the company, in order that said absent witnesses might be existence as the plaintiffs; 2d. non-assumpsit. Demurrer brought before them; and as the defendant refused the continuance on these terms, he cannot complain of the conduct of the arbitrators in proceeding after his refusal. Judgment affirmed, with one per cent, damages and

costs. VIII .- SPEARS T. CLARK .- Appeal from the Tippecanne Circuit Court. Assumpsit by the assignee against the assignor of a

promissory note. Plea, the general issue. Judgment for the plaintiff. The defendant contended that in a suit by the assignee, against the makers of a note, due diligence requires that an execution should be issued on the judg-

ment against them, as soon, at least, as the day following the rendition, whether that day fell in term time or vacation; and that the insolvency of the makers at the time this suit was commenced, should have been proved. PERKINS, J., held-1st. That the rule in suits by the assignees against

the makers of notes is, that executions on judgments may be delayed till a reasonable time for the issuing of some special cause be shown to exist making it the duty of the party, as an act of good faith, to issue it earlier. Ed. That the plaintiff, in the Circuit Court, having shown that he had used due diligence by prosecuting

prove that they continued insolvent to the time of suing Judgment affirmed, with five per cent damages and

suppress Bailey's deposition was correctly overruled or not, as the deposition was not read on the trial.

24. That, as the transcript shows that after the order for a change of venue was made, the cause remained in the court is which the court is the court is which the court is the court is the court is the court in the city. THE GREAT KENTUCKY REMEDY DR. JOHN BULL'S SARSAPARILLA!! Will Wonders never Cease?

If the following cures, performed alone by the use of BULL'S SARSAPARILLA, are not wonders, then we acknowledge that we do not know the meaning of the word. Read, and be convinced that facts are stranger than

Dr. John Bull: Dear Sir—The two dozen of your Sarsa-parilla, ordered in September, came to hand, and, in acknowledging the receipt of the same, I feel I would be doing you injustice to withhold the following, among the many of the instances that have come under my observation, during the last two years, of the great curative properties of your Sarsanarilla:—

erries of your Sarsaparilla:—
Mrs. Jeannette Martin, a highly respectable lady of my neighborhood, aged sixty-five years, had been long afflicted with a cancerous ulcer, which finally reduced her to so helpless a condition, that she could not leave her bed. She tried the best medical advice in our county, without relief tried the best medical advice in our county, without relief, and ind given up all hopes of a cure. At this stage of her case, I persuaded her son to take a bottle of your Sarsaparilla. He did so, and in a short time returned, and purchased another bottle, stating the first had had a decidedly good effect. She continued to use it until, after the use of five or six bottles, I had the pleasure of seeing the old lady herself at church. She assured me that she had almost sutirely recovered her health, and from her I received the account of her disease, and in about the same words I give it to yo. This is but one of a number of cures under my observation—of very remarkable ones—performed by the observation—of very remarkable ones—performed by the use of your Sarsaparills, in my neighborhood. The semand for it has steadily increased since its introduction here. Very respectfully, your obedient servant, WM. R. DICKINSON, P. M.

BOTLE COUNTY, Ky., Oct. 6, 1851.
Dr. John Bull: Dear Sir-I have seen the most marvel lous cure of one of my patients, by your valuable medicine—an old lady, who had been afflicted from her childhood with scrofula, and various diseases of the brain. She was sixty years old. It had run into something like leprosy, and she was the most frightful creature my eyes ever beheld. I called in Dr. McFadden, a very fine physician, to consult with me in relation to her. We came to the conclusion that it was out of our power to relieve her; but, on going to my office, I accidentally picked up one of your Journals, when, on seeing the wonderful cures your Sarsaparilla had effected, I resolved to try the experiment in this case. I took her two bottles of it, after taking which I perceived a great change. I took her some more. She is now taking the sixth bottle, and I consider her entirely cured. I take great plansure in recommending your Sar-saparilla to the afflicted public.

Yours respectfully,

JOHN M. ROSS, M. D. I, Thomas A. Ringo of Graves Co., Ky., for the benefit of mankind generally, do hereby certify, that on or about the 16th day of October, 1847. I was attacked with a very severe pain in the lower part of the abdomen, which lasted but a few minutes, and moved into the left hip, and continued exceedingly painful for about five days, during which time I had a very light fever. At the end of that time the fever ceased, and the pain abated for a day or two, after which it again returned, and was much worse than before. During all this time I was under medical treatment. From a short time after I was taken, I was unable to walk or sit up: the hip in which the pain was so bail commenced rising, until some time in January, when it burst, and a number of pieces of bone came out- as max as twenty, at least | Some of the pieces were three-fourthe peared on my right htp, also one on my right wrist, and one on my leg, below my knee. I continued to get weak and worse, and pain made its appearance in my right shoulder, and would move in my breast and stomach. At this time all persons gave me up to die. A physician then told me that, as a last remedy, I had better use MR. BULL'S FLUID EXTRACT OF SARSAPARILLA. After the use of the second bottle, the knot on my wrist common moneed getting soft. I opened it, god a day or two after, a piece of bone came out. My wrist soon got well, and I continued to gain strength. After I used the third bottle, I could get no more for some four weeks, after which time I successful in getting three page bottles. After which time I successful in getting three page bottles. After which time three last bottles, the time any hip became soft; it was considered and some second and second seco opened, and some co 'uption ran out together with a small piece of hone, an, the sare soon got well, and the knot entirely diappeared. The sore on my leg also opened, and a piece of hone came out. I continued the use of the Sarsaparith until I used twelve bottles, and an now entirely well, and able to do daily labor. It may seem strange to some, but I will here state that, during the summer of 1849, I coughed up three pieces of bone, which can now be seen at the residence of my uncle, Thus, Newl. where I now live, and if any persons doubt this statement. I will be happy to converse with them, if they will call on

State of Egutucky, Graves Co., Set. This day personally came before me the undersigned, an acting justice of the peace in and for said county, and made eath in due form of law, that the above statement is true. Subscribed and sworn to, this 15th day of February, 1850.

S. P. MORSE, J. P. for G. C. I. Irwin Anderson, Clerk of the County Court of Graves County, State of Kentucky, do certify that S. P. Morse, whose name is signed to the above certificate, is now, and

was at the time of signing the same, a justice of the peace, in and for said Graves County, duly commissioned and qualified as such, and that faith and cradit are due all his official acts, as such.

In testimony whereof, I have hereunto set my
[L S ] hand, and caused the seal of the County Court of
said county to be hereunto affixed, this 18th day

of February, 1850. EDWIN ANDERSON. Can the reader believe, after reading the description of the above numerous cures, that there is still a few human beings, suffering with disease, that refuse to give Bull's Sarsaparilla a trial. It is indeed hard to believe, but nevertheless, it is too true. What kind of testimony would it take to convince the few remaining disbellevers, that Bull's medicine will do more even than it promises? The doctor could produce another and another cure performed by his medicine, but if the cases published above will not convict the sential, it is uncless to produce any more and vice the sceptical, it is useless to produce any more, and indeed, it would cost a fortune to publish the many certificates that have been showered on Dr Buil. The largest manmoth sheet in America would not contain ever the names of those sured, let alone full statements of their

C. ZIMMERMAN & Co., Improved Fire and Water Proof Composition Roofing. E desire to direct the particular attention of the Public to our Composition Roofing, in the Manufacture of which we have been extensively engaged during several years past. It has been but recently that this article was first introduced by us in this State. It was then vew; had no influence in its favor but its own merit, and did not fail to receive its full share of the opposition

State. It was then new, had no influence in its favor but its own merit, and did not fail to receive its full share of the opposition which is so generally and indiscriminately urged against new improvements, or innovation upon old established custom. The fact that it has, under these circumstances, solely upon its own merits, and in so short space of time, overrun all opposition, and grown into almost universal favor, is sufficient evidence of the judgment of the public as to its utility and value.

Having had our Roof tested under every variety of circumstances, we considerally offer it to the public as a mode of Roofing unobjectionable in every important particular, while it combines in a greater degree than any other Roof in use, the valuable requisites of cheapness durability, and security against both fire and water. This system of Roofing is superceding the use of all other kinds, giving universal satisfaction, and is highly recommended by all who have tested its utility. These Roofs require an inclination of only one inch to the foot, which is often of great advantage in cases of fire, and for drying purposes. They are afforded at a price not to exceed the cost of shingle roofing, while the amount of material saved, which would otherwise be used in extending up the walls for a steep roof, often readers the cost of the building tess with the Composition Roof than with shingles; and sometimes the whole cost of Roofing a building after this plan is paid for by the brick saved in the gable ends, and the truss framing necessary for such buildings. The expense of the or metal gutters may always be saved, as we make the gutters of the same material, and the distance the water may have to run does not increase the liability to leak.

It will be to the interest of those about to use these Roofa to be a

It will be to the interest of those about to use these Roofs, to hear in mind, that whatever value and reputation they have acquired in this vicinity, has resulted from the work performed by us. We have put on upwards of four hundred Roofs, and there is not, to our knowledge, an individual who has had a Roof made by us, who would not again adopt our Foot.

Knowing the importance of punctuality in our business, we pledge ourselves that no hindrance to the progress of other parts of the building shall be caused by delay on our part. We hold ourselves in readiness to execute orders to any extent for our Roofing, and at In the course of our operations here, several important improve

has ever been communicated by us to any one.

If TWe are also prepared to furnish plans for the construction of Buildings and Roofs to receive our Composition Roofing, and shall be pleased to meet any who may desire further information relative to our Roof, and show samples of our Roofing, measuring
